

St Pius X Primary School

Student Wellbeing Policy

Rationale

The social, emotional, spiritual and physical wellbeing of our students, in light of the vision and values of Mother of God School it is essential to their success at school and for their future lives.

Aims

- To provide an educational environment which recognizes, values and develops student wellbeing.
- To support students to be socially and emotionally competent.
- To address the requirements of the Australian Government's National Safe School's Framework.
- To continue to follow the guiding principles for the provision of a safe and supportive school environment in all student wellbeing and associated policies.

Care of our each child is an integral part of life in St Pius X School community. It has the individual as its focus, and therefore aims to enable all to grow, to be affirmed in their dignity and worth as persons, to appreciate themselves and to develop skills in building relationships.

Our Student Wellbeing Policy incorporates and proclaims the dimensions of **justice** whereby the rights of all members are respected. We are striving to build a 'Bully Free' school.

Supportive Relationships between families, teachers and students are a key element of the Student Wellbeing policy. St Pius X Schools fosters a learning environment that facilitates the development of **self-discipline** with students.

The development of self-discipline is also encouraged by the School Assertive Discipline Policy and procedures which promote acceptable behaviour in:

- The ways which children treat each other and all adults
- Their treatment of property
- Their movement throughout the school

'St Pius X School endeavours to be a Faith Community whose action reflects what it preaches and, as such, our Student Wellbeing Policy is an expression of Faith across the curriculum and is reflected in all areas of the school activities.'
